A. 123.4

B. 123.40

C. $123.4

D. 123.40 USD

ANSWER: A C D

QUESTION NO: 10

A customer has more than 500 document types that are to be processed by IBM datacap. Some of these documents will have 100+ fields.

Will the developer have to split this into multiple applications and why?

A. Yes, because there is a system limit on the number of fields available across the Document hierarchy.

B. No, because of Datacap's multi leveled hierarchy the number of document can be split across the levels

C. No, because Datacap Document hierarchy will support an unlimited number of documents, pages and fields.

D. Yes, because there is a system limit on the number of document types available in the Document hierarchy.

ANSWER: B
